Roosevelt Speaks Tonight in Effort to Strengthen Bid

Address Aimed at Party Workers; Gov. Dewey Will be Listening

(By The Associated Press) President Roosevelt comes up for another political round tonight in a nationwide broadcast from the White House aimed, especially at Democratic party workers on whom he is depending to get out the vote for him.

The speech is set for 9 p. m. (Mutual). A Democratic worker in each of 125,000 voting districts has been asked to have ten persons in to hear it. Afterwards these people are all to be given lists of voters and asked to help get them to the polls.

The chances are good that Gov. Thomas E. Dewey will listen in also, but only in his capacity as the Republican presidential nominee. For Dewey has let it be known he is waiting to hear what Roosevelt says before he completes the speech he is to make Saturday night in Charleston, W. Va.

Pending these top-man speeches, the campaigning went along in familiar lines. John W. Bricker, the Republican vice presidential nominee, said in a St. Louis speech that new deal leaders saw a chance "to buy this election" in "the millions of dollars collected" by the P.A.C. He said "pressure, regimentation, threats and intimidation" were the tools of CIO Leader Sidney Hillman.

Hillman commented at New York that "Honest John Bricker is deliberately continuing his campaign of lies" and using the "nazi formula of repeating a deliberate lie."

Hitting the political highspots otherwise: A "Double the Vote for Dewey Day" was set for Oct. 25 by women Republicans who plan a particularly intensive drive that day. Democratic National Chairman Hannegan, speaking in New York declared that "the Republicans are interested—to put it mildly—in a small vote, the smallest possible."

Secretary of Agriculture Wickard set out from Washington for a Democratic speaking tour that will take him into Ohio, Indiana, Kentucky, Missouri, Oklahoma, Kansas, Illinois, Wisconsin, Minnesota and possibly Pennsylvania. Assurances of fourth term support were given at the White House by leaders of a group of railway labor unions including the firemen, clerks, conductors, maintenance-of-way men and machinists.

WOMEN PROTEST
Boston, Oct. 5—(AP)—The Massachusetts Women's Political club today demanded that the city of Boston and Symphony Hall management forbid the showing of "The P. D. R. Victory Band Wagon," a musical revue, which the organization's president said "insultingly" satirized Thomas E. Dewey.

The demand was made through Miss Margaret Birmingham, club president, in a resolution, copies of which were sent to Mayor Maurice J. Tobin, John J. Spencer, the city censor, and George Judd, manager of Symphony Hall. The club claimed to represent 50,000 women.

The office of the Ed Royce Productions in New York said last night that the revue was scheduled to be produced in Boston.

THE WAR TODAY

By DEWITT MACKENZIE

We shouldn't allow the thunder of the guns of war to drown the significance of General De Gaulle's declaration that the French government gradually will take over complete control of the country's economy.

"It shall be an organization of industry," says the general, "in which all who participate shall be considered associates. We no longer can permit the concentration of interests which in England and America are called trusts and which today do not meet the needs of social betterment."

While De Gaulle allows exact interpretation of his pronouncement to fall where it will, it's clear that he's signalling a great change in France to avoid, as he says, "the prewar political, social and moral situation which took us to the brink of the abyss." It also would seem that this represents a marked swing to what is popularly known as the "left."

Some observers express the view that France is headed toward Communism. They believe they find additional support for this in De Gaulle's friendly relations with Moscow and the ap-

Casualties

Washington, Oct. 5—(AP)—Secretary of War Stimson reported today that Army casualties on all fronts were 351,293 September 21. The latest Navy casualty figure of 65,792 brought the total for the armed services to 417,085. The campaign in Italy, Stimson said, has cost \$2,111 ground force casualties.

Stimson's overall Army total was up 13,550 from his latest report of two weeks ago for the period ended Sept. 6. The 351,293 was divided as follows: 68,568 killed; 185,921 wounded; 45,185 missing and 31,316 prisoners. Two weeks ago the Army total of 327,713 stood: 61,468 killed; 177,235 wounded; 47,515 missing and 48,725 prisoners.

The Navy casualties, with comparisons for two weeks ago: total 65,792 and 61,017; killed 25,962 and 25,152; wounded 25,588 and 25,152; missing 9,761 and 9,332; prisoners 4,480 and 4,466. Stimson said that 14,579 of the Army wounded have returned to duty.

The separate report on Italian campaign casualties did not include air force personnel losses. It showed 15,889 killed, 55,178 wounded and 10,011 missing as of Sept. 25.

Ensign Benson Will Rest Up Before Beginning His Campaign on Saturday

Baltimore, Oct. 5—(AP)—Ensign John W. Benson launched his campaign for election to congress today with an offer "to personally kiss every lady in the third congressional district who desires to accept."

And for the men, he promised "an attractive young lady who has volunteered to kiss every male voter in the district—Democrats, Republicans and independents." Benson, who won the Republican nomination from his district while serving in the Mediterranean in the U. S. Maritime Service, said he couldn't match spaghetti dinners given by his Democratic opponent, Rep. Thomas D'Alessandro, Jr.

"Not to be outdone, I have decided to give the voters something in appreciation of their support," the 25-year-old candidate said in a statement. "Inasmuch as I am in the service and my financial means are

Army Caravan Will Visit Dixon Soon in Drive for Manpower

October 18 and 19 Set for Presentation of Big Army Exhibits

A representative group of Dixon citizens met yesterday afternoon at the Loveland Community House with Army officers to discuss plans for a gigantic Firepower-Manpower caravan, which the Army will bring here on Oct. 18 and 19. The Army group representing Major General H. S. Auer, commanding general of the Sixth Service Command, Army Service Forces, included Lieut. M. D. Born and Lieut. C. Brown. With them was a representative of the War Manpower Commission which is cooperating with the Army in sponsoring the caravan.

At the meeting a group of 25 civic, industrial and labor representatives was selected to make plans for the caravan, which probably will include more than 125 soldiers and approximately 30 vehicles. Arriving on the morning

Fall of Belgrade Matter of Hours

Moscow, Oct. 5—(AP)—Russian armored spearheads advanced today upon the rail junction of Pancevo, a city of 22,000 less than nine miles northeast of Belgrade, and front dispatches indicated that the Yugoslav capital may fall in a matter of hours.

The German position in all of the Belgrade area was declared untenable. The Russians have a big encircling maneuver ready to put into effect if the enemy tries to dig in.

Closing in from the captured towns of Banatska Kraljevica, 15 miles northeast of Belgrade, and Debiljacha, 18 miles to the north, Marshal Rodion Y. Malinovsky's forces cleared two rail lines leading to Pancevo and aimed toward cutting the main railway running northwest from the capital—major remaining rail escape route for the bulk of the German forces on the Balkan peninsula.

Yesterday's Russian communiqué made the first official comment on the union of Russian troops with Partisan forces first reported Monday by Marshal Tito.

The communique announced only patrol activity on other sectors of the eastern front.

extremely limited (\$125 a month base pay). I cannot see my way clear to feed spaghetti to my many Democratic and Republican friends... although I am fond of spaghetti myself.

"For days now I have thought just what I can offer my supporters except expensive spaghetti dinners. Hot air and empty promises? There, I have learned since my return from foreign sea service, are the usual things a candidate for office hands out free of charge. I do not intend to give out either."

The candidate, who is unmarried, said the kissing campaign would get under way at a formal meeting to be held Saturday, and he added:

"Of course, I shall have to rest up from now until Saturday." Benson, who is purser on his ship, has been granted an extension of leave until after the election to conduct his campaign

Allied Warplanes Hand Nip Oil Base Another Hard Blow

40 Four-Engine Ships Repeat Last Week's First Heavy Raid

By LEONARD MILLMAN
Associated Press War Editor
Tokyo radio indicated today that allied bombers are wasting no time in their long distance campaign to knock out the vital oil producing center at Balikpapan, Borneo.

A Domei (news) agency broadcast reported 40 four-engine bombers struck Tuesday in the second mass raid at Balikpapan. Sixty Liberators struck the first heavy blow three days previously. Only yesterday MacArthur promised this important source of Japanese oil and aviation gasoline would be pounded into uselessness, "drastically and immediately" curtailing Japan's ability to fight in the air or on the sea.

Heavy shipping losses have already reduced Nippon's ability to exploit rich Dutch Indies oil resources and forced development of synthetic substitutes.

Another tanker was among 11 Japanese ships sunk or badly damaged in new air strikes ranging from the southern approaches to the Philippines to Chichi Island, 615 miles south of Tokyo. The others were mostly small freighters.

Rice Imports Curtailed
Shipping losses have forced curtailment of importation of rice, the imperial agricultural administration said in admitting losing a battle in "our war of footstuffs." Nippon usually imports 20 per cent of its rice, the country's basic food.

"However, Tokyo announced a 'great leap' in munitions production and increased output of airplanes, estimated by American sources at more than 1,400 a month.

Japan's newest invasion, Chungking announced, has driven to the outskirts of Foochow, last large Chinese-held port on the central China coast.

Predict Shortage of Butter Substitute

Chicago, Oct. 5—(AP)—Margarine manufacturers, reporting heavy demands for their product from consumers unable to buy butter, predict a shortage of the butter substitute.

The industry is operating on a government quota basis, making 167 per cent of its production in the basic years of 1910-1911. Until about a year ago this quota was set at 159 per cent.

J. W. Dickinson, vice-president of the John F. Jelke Co., yesterday said the government would have to increase the allocation if more margarine was to be provided because of the butter shortage.

Dr. Harry A. Ruehe, executive secretary of the American Butter Institute, said the butter supply is "very, very short," and added there was little chance for improvement until late November or early December.

Dewey to Speak in Chicago, October 25

New York, Oct. 5—(AP)—Major campaign addresses will be made by Gov. Thomas E. Dewey in Minneapolis Oct. 21 and in Chicago Oct. 25.

The Republican national committee announced the presidential nominee's speech at the Minneapolis Municipal Auditorium would be broadcast over the NBC network from 9:30 to 10 p. m. Central War Time. His address from the Chicago Stadium will be carried by CBS from 9 to 9:30 p. m. CWT.

Most Recent Tale of Nazi Torture Related by Reds

By EDDIE GILMORE
Tallinn, Estonia, Oct. 5—(AP)—Eighteen miles from this capital is what the Russians point to as evidence of the nazis' most recent mass horror—the Klooga labor camp. There, the Russians say, 3,000 Jews, Russians and Estonians were murdered methodically.

This camp was located in the timber and cement country, where prisoners slaved to produce vital material for the Nazi war machine.

People in the vicinity told correspondents this story: The Germans killed off the prisoners wholesale when they learned the Red army was coming and retreat was in prospect.

It was Sept. 19—Two days before the Germans pulled out of Tallinn. They announced the prisoners would be moved, always a bad sign in a Nazi camp.

The first group of 300 was marched into the woods, ordered to saw up piles of logs into pieces, and were marched into a field in groups of about 50, carrying the logs. They were forced to make a raft-like foundation, and then lie down on it. The Germans shot them all.

A second group formed another layer on top of the first—and were shot. When there were six or seven layers of dead, gasoline was poured over all of them and a torch was applied.

Goes Up to Sea
That is what the people told us—and then we went up to sea.

In a little green field about 75 feet from the road and a half mile from the camp, a mass of charred corpses was lying amid a few hundred pounds of ashes. Most of the corpses were about half burned. There were men, women and children. I saw the bodies of at least three girls who must have been under 16. In the backs of their heads you could see what looked like bullet holes.

Off to the side was a stack of logs and nearby a great pile of clothing, most of which bore the stencilled Star of David and prisoners' numbers. In another pile were shoes, and children's shoes were numerous among them.

In one place was a completely burned building. An escaped prisoner said this was where the Germans drove a large number of men and women, locked the doors, set fire to the building and burned them alive.

Those who escaped said they were free because of the haste of the nazis.

Autumn Rains and Snow Soon to Hamper Allies

London, Oct. 5—(AP)—Autumn rains are increasing the difficulties confronting all allied fighting men on the western front, the eastern front, and in Italy—and the first snows are not far away.

Along the northern flank in France and the low countries, where the mud of Flanders still is a byword 27 years after the first World War, rains turn the land into quagmires.

The allied armies in Italy can expect heavy snows in about a month.

On the eastern front the Russians can expect the Polish plains to turn into a bog in short order. The first hard frosts normally come in December.

U. S. Airmen Take Nip "Body" Captive

With the Fifth U. S. Air Force, Southwest Pacific, (delayed)—(AP)—Even Yank fliers are capturing Japanese soldiers these days.

Two fighter pilots of the "Screamin' Demons" unit of Major Gen. Ennis Whitehead's Fifth Air Force were exploring an abandoned cave where fighting had raged several weeks ago.

"Do you see what I see?" asked Lt. Oliver Atchinson, Birmingham, Ala., of his companion, Lt. Jack Langenberg, Peoria, Ill. They were looking at the "body" of a Japanese soldier. There was a suspicious dip and heave to his belt buckle. He was breathing.

The two fliers jumped on the little soldier, hauled him erect and marched him to their camp.

Lt. Langenberg supervised the triumphal march. He is six feet three inches tall. The prisoner measured an even five feet.

Western Coast of Greece Invaded by British Liberators

Occupy Port of Patrai; Make Immediate Use of Its Airfields

BULLETIN
London, Oct. 5—The Ankara radio said tonight that the Germans were evacuating the Greek capital of Athens and the Peloponnese peninsula and were moving northward as rapidly as blown up bridges and road blocks would permit.

Rome, Oct. 5—(AP)—Striking from the sea and air, British troops have landed in western Greece, entered the port of Patrai and seized airfields from which RAF Spitfires already are operating in support of the effort to drive out or destroy German garrisons.

The allied command, announcing the invasion today, said landing forces had made contact with the enemy both in Greece and neighboring southern Albania, where other units went ashore 10 days ago.

There appeared a strong possibility the operations might swiftly end German rule throughout the Balkans.

There was no immediate report on the extent of German resistance at Patrai Greece third largest port, or elsewhere, but the Germans recently were said to have three divisions on the Greek mainland as well as other elements evacuated from Crete and the Aegean islands.

All these have been reported ready to flee northward on a moment's notice to escape the jaws of a great trap closing in on the whole Balkans with Russians advancing from the east and allied forces, with patriot support striking from the west.

The landing forces were believed to be of small size compared with the major invasions of Africa, Sicily, Italy and France.

They were landed by parachute from naval vessels, and in air transport planes.

U. S. U-Boats Sink Eleven Jap Ships

Washington, Oct. 5—(AP)—American submarines, ripping Japanese supply lines, have destroyed another 11 enemy vessels, including three war craft, the Navy announced today.

The fighting craft included a destroyer, an escort vessel and a seaplane tender, all of which may have been trying to protect Japanese convoys from American underwater attacks.

Also included in the latest bag of the submarines were six cargo ships and a large tanker from the rapidly dwindling Japanese fleet of fuel-carrying craft.

Also destroyed was a cable ship, indicating that the submarines may have been engaged in breaking or preventing repair of enemy communication lines.

The newly-reported sinkings raise to 921 the number of Japanese vessels of all types sunk, probably sunk or damaged by submarine action. They include 772 enemy craft definitely destroyed, 27 probably sunk and 115 damaged. Of the ships destroyed 67 are combatant craft of the Japanese navy.

Disclose German Efforts to Salt Away "War Chest"

Washington, Oct. 5—(AP)—German embassies in neutral countries were reported today to be "loaded down" with gold, securities and currency with large staffs working full time to put the stuff—including loot from occupied countries—under cover.

Some of the tricks being used by German leaders to conceal their financial resources were disclosed after the state department announced that the United States and Britain have asked neutrals to deny the enemy protection for his loot.

Other governments which took part in the United Nations monetary conference at Bretton Woods, N. H., last July are expected soon to put similar pressure on the neutral group, which includes Switzerland, Argentina, Sweden, Spain and Portugal.

Washington sources said: That the German ruling clique is salting away assets not only for its personal salvation but as a war chest to keep underground organizations going after the war.

Extending Power
That is concealing funds, the Germans are extending their power in foreign industry. They are cleverly cloaking this control and it will be hard to trace.

That the German leaders may know they are beaten militarily but they have utterly no intention of losing the war economically.

That Germans recently arriving in neutral countries are cocky. They tell the local industrialists the war won't last much longer, but "it doesn't matter." They boast that German industrialists were better off than those in England and the United States after the last war, and it will be so again.

These Germans are claiming that citizens in neutral countries who cooperate with them in developing the industries of those countries will profit too.

The following examples were given of how the Germans are preparing for their rainy day:

Examples Given
Gold, securities, and currency are being stored in safe deposit boxes and vaults, usually under some non-German name.

A citizen in a neutral country, with no riches and only a small income, suddenly buys a valuable wolfram mine.

A small new company springs up in an occupied land, German-made goods then are shipped into that territory. The purchasers are

American Infantry, Armor Cut Through West Wall Breach

Masses of Artillery Tear Many Germans From Defenses

London, Oct. 5—(AP)—American tanks and infantry advanced more than a mile through the shattered fixed defenses of the west wall at Ubach today and captured the town of Beggen, which the Germans had attempted to turn into an anchor of a backstop line.

Widening their wedge, the Yanks also captured Kerkrade, on the Dutch-German border. Kerkrade, on the south side of the wedge, is two miles southwest of Merkscheid and five miles north of Aachen.

Lt. Gen. Courtney H. Hodges' First Army scored the gains in a fiercely rising battle in which the Germans massed their biggest artillery concentrations of the western front. Three heavy armored counter-thrusts were turned back and front line dispatches said a major tank battle was developing.

Beggen is more than a mile beyond Ubach and its capture placed the Americans astride the Aachen-Gellenkirchen road and within a mile and a half of the main north road out of Aachen, the highway to Gladbach. The town is three miles from the nearest point of the Dutch border and about four miles from the general lines of the frontier.

On Hardening Ground
An Associated Press dispatch from the sector said allied tanks in numbers were now back of the original Siegfried Line and were churning out east and southeast on hardening ground to exploit an infant breakthrough begun two days ago.

The tanks were coming up against earthworks hastily thrown up as a secondary defense, the dispatch said. The Germans were fighting from behind huge slag piles in this mining area, dubbed by the doughboys "Little Pittsburgh."

The Germans, with at least 55 pillboxes in their main fortifications, were now trying to stop the American push with mobile guns instead of fixed batteries, it was said.

To the north, heavy fighting flared along the British Nijmegen-Arnhem corridor. Infantry attacked in several sectors, gaining a mile in an eastward advance and several miles in a northwesterly direction.

Blood, Rushed From U. S., Saves Yanks

Paris, Oct. 5—(AP)—Whole blood being flown from the United States to meet increasing battlefield needs has been used to save lives of American soldiers in the Siegfried Line only four days after it was contributed in the states.

Maj. Gen. Paul R. Hanley, chief surgeon of U. S. forces in Europe, in disclosing increased demands for whole blood, said it was superior to plasma for immediate treatment of badly wounded soldiers.

The Army began flying whole blood from the United States in August and now 60 per cent comes from there, said Maj. Robert C. Hardin, of University hospital, Iowa City, senior consultant in blood transfusion in the European theater.

Allied Planes Bomb Western Front Towns

London, Oct. 5—(AP)—More than 1,000 U. S. Flying Fortresses and Liberators hit German targets at Cologne, Rheine, Handedorf, Lippstadt, Paderborn and Munster in clearing weather today.

Two main forces, with strong fighter escort, attacked the choked rail terminals at Cologne and Rheine, while smaller formations raided airfields at the other places. Rheine is an important western front rail junction just across the Dutch border north-west of Munster.

This big daylight operation, the eighth in ten days, followed another busy night of train-busting by RAF Mosquitos in Germany, and Holland.

American 1st Army troops battered steadily ahead through the pierced Siegfried line north of Aachen, against furious German resistance today, while the British 2nd Army broadened its salient into eastern Holland with gains reaching points 17 miles west of Nijmegen.

"Pin Worms Can't Harm MY Child!"
Better learn the Truth, Mother!

You may think that Pin-Worms are just a harmless nuisance. Or you may think that this tormenting, embarrassing infection strikes only certain types of people.

Don't you believe it! Rich or poor, young or old—anybody, anywhere can have Pin-Worms. And these crawling pests, living and growing inside the human body, can cause real distress. So watch out for the warning signs that may mean this nasty infection—the aggravating rectal itch; also, uneasy stomach, bed-wetting, nervous digesting and uneven appetite.

If you suspect Pin-Worms, get a package of P-W tablets right away, and be sure to follow the directions. P-W is the new Pin-Worm treatment developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines.

Important Scientific Discovery

The small, easy-to-take P-W tablets contain a remarkable drug (gentian violet) that is being hailed by high medical authorities as the most effective means ever discovered for dealing with Pin-Worms. Thanks to this important new scientific discovery, P-W works in a special, gentle way to destroy stubborn Pin-Worms. Ask your druggist: P-W for Pin-Worms!

A Thought for Today

The woman saith unto him,
I know that Messias cometh,
which is called Christ: when
he is come, he will tell us all
things. Jesus saith unto her,
I that speak unto thee am
he.—John 4:25-26.

But chiefly Thou, whom
soft-eyed pity once led down
from Heaven to bleed for man,
to teach him how to live, and
oh! still harder lesson! how
to die.—Bishop Porteus.

Fire Prevention

Theoretically at least, this
country observes Fire Prevention
Week every year. Its impression
upon the national consciousness is
about as profound as that of Na-
tional Chrysanthemum Week or
Arbor Day. And we keep right
on having fires.

Perhaps Fire Prevention Week
does some good at that, for our
record is somewhat better than it
was 20 years ago. But it is still
nothing to brag about.

Last year serious fires swept
the country at the rate of more
than 1,000 a day. Over 370,000
homes were destroyed or serious-
ly damaged. That is more houses
than there are in Cleveland. Ten
thousand lives were lost in those
fires, and thousands more were
injured and maimed.

That most of these fires could
have been prevented is an old
story that needs telling again.
So here are some simple precau-
tions which everyone knows, but
which might be checked again—
and it's not necessary to wait for
Fire Prevention Week, which be-
gins Oct. 8, to do the checking:

Be sensible about matches and
smoking; clean your heating
plant and keep it in good repair;
clear papers, rags, mattresses, old
furniture from storage areas; cov-
er inflammable roofing with fire-
resistant material such as asphalt
shingles; don't store or use ex-
plosive cleaning fluid; repair de-
fective electrical equipment, and
disconnect appliances when you
are through using them; use met-
al containers for ashes, never
wood or paper.

Letdown

There is always the possibility
political speeches being what they
are, that the public may have a
surfeit of them before Nov. 7. Ac-
cordingly, we were delighted to
see this headline in a trade paper:
"Equal Radio Time Accorded
FDR, Dewey and Dr. Watson."

Splendid, we thought, splendid
and wise. It was comforting to
know that after confusing charges
and countercharges, we may spin
our dial for an equal dose of Sher-
lock Holmes' delightful compan-
ion and stooge.

We hope we may be forgiven a
slight feeling of letdown when we
found that the headline referred
to Dr. Claude A. Watson, the Pro-
hibition Party's candidate for
president.

GERMANY WILL TRY IT AGAIN

By Sigrid Schultz Copyright, 1944, by Sigrid Schultz
Distributed by MCA Service, Inc.

As an American newspaper
correspondent in Berlin from
1919 to 1941, Sigrid Schultz saw
at first hand the events that led
from World War I to World War
II. And she saw the behind-the-
scenes preparation for the com-
ing "war-in-peace" that the
Nazis will culminate in World
War III. This is the story of
Germany's plans to win the
peace, plans that even now are
being put into effect.

ANTI-SEMITISM

Adolf Hitler with his first real
success in the barracks outside of
Munich. His cosmopolitan associ-
ates remembered that just as they
had met Germans wherever they
traveled, they also met Jews. The
Nazis early chose the anti-Semitic
platform because, as Hitler's first
press chief, Adolf-Viktor von
Koeber put it after he had sepa-
rated from the Fuehrer, "It fur-
nishes an excellent international
vehicle. There is a certain mea-
sure of anti-Semitism in almost
every country of the world. By
assuming leadership over the anti-
Semitic movement, Hitler intend-
ed to get his finger into every
national pie throughout the world.
And he was right."

Hitler even deceived his anti-
Semitic followers. For many years
a number of Jews held important
posts in Nazi Germany.
There is another angle to anti-
Semitism which the Nazis have
worked overtime: cupidity. By
promising the small dealer, the
unsuccessful doctor, the Jewish-
controlled department stores and
Jewish doctors would disappear
under Nazi rule, they won the
alliance of the mediocre dealer
or doctor whether his lack of suc-
cess had anything to do with Jew-
ish competition or not.

DURING his rapid rise from paid
informer in 1919 to leader of

Fair Enough

by
WESTBROOK PEGLER
Copyright, 1944, King Features
Syndicate, Inc.

New York—Yesterday I told you
some facts about Old Dan Tobin,
the president of the Teamsters'
Union and about the union, itself,
and same to the end of the col-
umn with quite a lot left over.
So, today, let me quote from the
constitution of the teamsters by
way of developing my picture of
Old Dan as an calculating, money-
loving, self-indulgent and self-ad-
miring labor skate and go on
from there.

As I said, Dan gets \$30,000 a
year and two of his sons are on
the payroll at \$10,000 a year each.
Then, in addition, Dan gets a free
living from his subjects under a
constitutional provision inserted
for his benefit which actually re-
gards him as a king.

Listen to this: "The general
president, for the purpose of pro-
moting the interests and welfare
of the international and the mak-
ing of diplomatic contacts with
other organizations and for the
purpose of conserving his health,
may, in his discretion, travel in
this country or abroad and may
take periodic rests. The general
executive board shall provide for
all expenses of the general pres-
ident when performing the services
mentioned herein or when taking
periodic rests. The said expenses
shall include travel in this country
and abroad, the full and complete
maintenance of his wife so that
she can accompany the general
president and all secretarial help
and services which he deems neces-
sary. The expenses provided for
herein are in addition to all other
constitutional compensation and
allowances. This provision shall
apply only to the present incum-
bent in the office of general pres-
ident." In other words, this wily
old machine politician is so pre-
occupied to himself and has such mon-
umental gall that he put this over
on his subjects as an article of
the constitution.

Thus, when the mob moves in
on some warehouse and a lot of
little girls are compelled by Pres-
ident Roosevelt's labor machine to
join the union and pay tribute to
Dan, each one of them is forced to
pay her mite for the luxurious
travel of a man already in re-
ceipt of \$600 a week. If they get
tired and have to rest up, their
little wages stop. The same thing
happens if one of the goons in
some local command decides to
order astride whether for extor-
tion or whatever other reason. But
if Dan wants a rest he not only
continues to draw his pay but gets
expenses without limit. He can go
to the most expensive resorts with
his own flunkies to wait on him,
all provided for in the phrase "sec-
retarial help and services". He can
wallow in rich food and wine and
he can take a whole floor of a
de luxe hotel. And, of course, Dan's
pay and allowances never are in-
terrupted by a strike.

And bear in mind that this was
rigged up for the benefit of Dan
Tobin and nobody else. It applies
only to the "present incumbent in
the office of general president."

Yet, Roosevelt had the leering
effrontery to salute this man as
a servant and representative of
"labors" in his recent Washington
speech and to address the whole
American people from the festive
and somewhat drunken company

of this mob containing oppressors
and exploiters, racketeers and
thugs. It was not at all out of
order that couple of bums at-
tacked two naval officers after
the dinner and the speech, calling
them traitors, because they re-
fused to promise to vote for their
commander-in-chief. In Oregon, a
few years ago, a gangster named
A. E. Rosser ran an actual reign
of terror as the representative of
Dave Beck, who, in turn was Dan
Tobin's special representative or
vicerey in the northwest. In the
final revolt of the public, 65 of
the racketeers pleaded guilty, and
eleven were convicted. Beck, of
course, was among those warm
friends in the "labors" movement
whom the president greeted with
such merry cordiality in Washing-
ton.

Back in 1912, Tobin and his mob
announced that they had more
than \$1,500,000 lying idle in banks
and were going to spend as much
as might be necessary to buy the
election of their favored candi-
dates to congress. The political
preferences of the individual sub-
ject never are considered. And, a
few months later, in Boston, John
M. Sullivan, the president of the
big Boston local, No. 25, got up
a movement to pay off the per-
sonal debts of James M. Curley,
a new deal candidate for congress,
including a \$50,000 judgment
against him held by the City of
Boston on account of some mys-
terious business that took place
while he was mayor.

The full story of Tobin's royal
prerogatives and perquisites, his
arbitrary exercise of power, al-
ways with an eye to his own
luxury and wealth, and of the
union's practices is one of the
most appalling chapters in the
domestic history of this country.
The union is absolutely crawling
with gangsters and on the west
coast Beck just flatly announced
that he would not permit the de-
livery of California beer into Ore-
gon or Washington because the
California brewers, who were help-
less in the matter, wouldn't com-
pel their drivers to quit the brew-
ery workers' union and come over
to him. This was a very fine thing
for the biggest brewery in the
northwest as it shut off important
competition and Beck could get
away with it because the Supreme
court, as packed by Roosevelt,
would throw out any conviction
for racketeering or violation of the
anti-trust laws.

The Beck regime in the north-
west was pure fascism, dominat-
ing the entire community.

This was the gang then that
Roosevelt selected as his prime
audience for an address to the
people of the United States.

ALFRED E. SMITH
New York, Oct. 5.—(AP)—The
body of Alfred E. Smith will lie
in state at St. Patrick's Cathedral
from 2 p. m. tomorrow until fu-
neral services at 11 a. m. Sat-
urday.

The 70-year-old "Happy War-
rior"—four times governor of New
York state and Democratic presi-
dential nominee in 1928—who died
yesterday of lung congestion and
acute heart disease, will be buried
in the family plot at Queens Cal-
vary cemetery.

The Most Rev. J. Francis A.
McNulty, auxiliary bishop of New
York, administered the last rites
of the Catholic church to Smith
and will celebrate the solemn
pontifical mass of requiem. Serv-
ices will be simple in keeping with

I have seen photostats of letters
addressed to Hitler in 1933 warn-
ing him that co-operation with
Roehm and his clique endangered
the national cause. Sworn state-
ments attached to the photostats
said that Hitler had shrugged off
the warning as "old stuff."

By 1934, however, Hitler real-
ized that Captain Roehm had se-
cured a dangerous hold on the
Storm Troops and on many mem-
bers of the Party. He knew him-
self strong enough to come to
terms with the Reichswehr lead-
ers on his own. So he suddenly
remembered Roehm's misconduct.
On June 30 of that same year,
Hitler personally arrested the
man who had befriended him
when he was penniless, to whom
he owed much of his career, had
him thrown into jail and executed.

BEING convinced that he him-
self had strong occult powers,
Hitler directed the activities of
astrologers and fortune tellers as
Nazi propaganda tools. Soon after
the Putschists swarmed out of
Landsberg fortress, all sorts of
small magazines cropped up on
German newsstands, purporting to
reveal the message of the stars,
forecasting happiness for Ger-
many, provided, of course, that
the local Nazi chieftains won
whatever point they were fighting
for at the moment.

Hitler, like the Kaiser, was
certain that his mission came
from God. He made that quite
clear in an interview I had with
him, when he stepped forward
and proclaimed loudly, "My will
shall be done." I glanced quickly
at Hess and Himmler, both
of whom stood near by. They
glared at Hitler rapidly, as though
indeed the Deity had spoken. Hit-
ler repeated, "My will shall be
done," and I had no doubt that
the sacrilege was deliberate.

Then he dropped the oracular
tone and explained very sensibly
just why his will should be done.
"I have 750,000 men behind me,
all eternally sworn to me. They
are blindly obedient to me," he
said. "The Republicans are more
numerous. But they are divided.
Therefore I shall be the strong-
est. My will shall be done."
(To Be Continued)

Smith's wishes, the family said.
There will be no honorary pall-
bearers. The family requested no
flowers be sent.

The 69th Regiment, New York
Guard, and the Catholic war vet-
erans will form a guard of honor
at the cathedral. The coffin will
not be opened. The only other
layman to lie in state there was
Ignace Paderewski, Polish pianist
and statesman.

DR. J. C. AKINS
Funeral services for Dr. J. C.
Akins, 75, Ogle county physician,
and coroner, who died Wednesday
in his home at Forreston will be
held at 2:30 o'clock Friday after-
noon at the DeGraff funeral home
there. The Rev. H. B. Hersche,
pastor of the Forreston Lutheran
church will officiate, and burial
will be in White Oak cemetery.

Though in failing health for
some months, Dr. Akins had not
been seriously ill, and his death
was unexpected. He had continued
his private and county medical
duties up to the time of his death
and was unopposed for re-election
as coroner next Nov. 7 on the Re-
publican ticket.

A country doctor for 45 years,
Dr. Akins was born Sept. 1, 1859,
in Cross Roads, Pa., the son of
James and Rebecca Akins. He at-
tended rural schools and later

ENSIGN CAROL CHRISTINSON AND LT. JAMES W. PACE WED IN ARMY AIR BASE CHAPEL

Announcement is being made today of the marriage of a young woman from town who formerly taught English and history at the Dixon high school before leaving to serve in the WAVES.

Mrs. George Christinson of 922 Galena avenue returned recently from Norfolk, Va., where she attended the wedding of her daughter, Carol Idella, to Lt. James William Pace, U. S. army air force, son of Mr. and Mrs. Floyd A. Pace of Urbana, Ill. The double ring ceremony was performed by the Rev. J. Russell Duggan, Lieutenant, U. S. N. R., at noon on Aug. 7 in the David Adams Memorial chapel at the naval operating base at Norfolk.

The bride was given in marriage by Lt. Comm. J. F. Carpenter of Washington, D. C. Miss Elizabeth Davis, also of Washington, and Lt. (j. g.) Word Clark of Norfolk, attended the couple.

The chapel altar was decorated with pastel gladioli and white lilies. The nuptial music, which included Schubert's "Ave Maria," Debussy's "Clare de Lune" and Cesar Frank's "Pavane Angelique" in addition to the traditional wedding marches, was played throughout the service by the station organist.

The bride wore a floor length dress of white eyelet embroidered tulle and a Dutch cap made of the same material. Her nosegay bouquet was of white gladioli, forget-me-nots and sweet peas. Miss Davis' gown was of yellow embroidered tulle. With it she wore a matching calot and carried a nosegay gladioli, forget-me-nots and white asters.

Mrs. Christinson had a corsage of yellow roses pinned to her pastel green dress which was accented by black accessories. The bridegroom's mother wore navy blue with white accessories and had a corsage of pink roses.

Immediately after the wedding a dinner was served at the Algonquin tea room for the families and a few friends. A three-tiered wedding cake, topped by a miniature bride and groom, centered the table, and was flanked by flat sprays of gladioli.

After a brief honeymoon in the Blue Ridge mountains Mrs. Pace, who is an ensign in the WAVES, returned to her station at the naval operating base, Norfolk, and Lt. Pace reported for duty at Lockbourne army air base in Columbus, O.

HIGHLAND CLUB

Mrs. Guy Taylor was hostess to members of the Highland Avenue club when they met Tuesday evening at her home. Mrs. Albert Petit, Sr., Mrs. James Curran and Mrs. Sabie Ruggles were awarded prizes.

A personal gift was presented to Mrs. Ruggles as she is leaving Dixon to make her home in Canton, Ill., with her daughter Mrs. Delmar Heimbaugh.

Mrs. J. C. Lyon will be the next club hostess on Nov. 2.

NELSON UNIT

Mrs. Ward Hartshorn and her co-hostess, Mrs. Toby Remry, entertained at the former's home for 20 members of the Nelson Home Bureau unit on Tuesday. Miss Louise Barrington, Nelson home advisor, presented the major lesson and Mrs. Carl Janssen gave the minor lesson.

After the meeting a white elephant sale was held and a good sum of money was realized. The next meeting will be held on Nov. 7 at the home of Mrs. Edward Bollman.

LEGION AUXILIARY

Announcement is being made that initiation of officers of the American Legion auxiliary will be held on Thursday, Oct. 12, instead of on Oct. 11. The meeting will be held in Legion hall in the evening.

FROM PENNSYLVANIA

Mrs. Curtis Clark of Pittsburgh, Pa., and granddaughter, Ann Shepard, are guests at the home of Mrs. F. J. Rosbrook, 515 East Second street.

ANNOUNCE ARRIVAL OF CHRISTMAS SEALS

The full program of the Lee County Tuberculosis Assn. is well under way, according to President Edward A. Jones, who today announced the arrival of the Seal sale supplies and the appointment of Miss Verda Saltzman as Seal sale director. Mr. Jones also stated that the Ladies Auxiliary of Dixon post No. 12, American Legion, is assisting in the sale and the Girl Scouts have volunteered to distribute the Christmas Seal sale posters. Booth sales will be established in communities throughout the county.

In order that seals may be placed on Christmas packages for men and women overseas seals have been placed on sale at the association's headquarters in the annex of the Katherine Shaw Bethesda hospital. The seals will not be distributed generally until Nov. 20. Christmas packages for overseas delivery must be mailed before Oct. 15.

There will be a meeting for board members at 2 p. m. and the regular meeting will begin at 2:30 p. m.

Chief of Japanese Terrorist Group Dies

San Francisco, Oct. 5.—(AP)—Japan's Domei (news) agency today announced the death of Mitsuru Toyama, 90-year-old head of the Black Dragon society, Japanese terrorist patriotic organization. The dispatch, intercepted by the Federal Communications Commission, said the "saint" of the terrorist movement died at his summer home Wednesday night of a long illness.

FCC far eastern monitors described him as "one of the most powerful political bosses in Japan, believed to be the power behind the Tojo government and responsible for the present greater east Asia war."

Polygamy Cultists Seek 'Just' Decision

Salt Lake City, Oct. 5.—(AP)—An appeal "clear up to the United States Supreme Court" was forecast today if 31 members of the "fundamentalist" cult are convicted of conspiring to preach and practice polygamy.

Only instructions to the eight male jurors—set for this afternoon—and summation by attorneys remained to complete their District court trial. The case is expected to go to the jury tomorrow.

"If these people are convicted we'll take it clear up to the United States Supreme Court if necessary," said Defense Attorney J. H. McKnight.

Members of the cult assert they are following the original teachings of the Latter-Day Saints (Mormon) church in its early years endorsed polygamy. They refuse to recognize the Mormon manifesto of 1890 outlawing plural marriage.

Today's World Series Game Up Until Press Time

Sportsman's Park, St. Louis, Oct. 5—(AP)—Managers Billy Southworth and Luke Sewell shifted their lineups today as the Cards and Browns squared off in the second game of the world series with Max Lanier, southpaw of the National League champions, seeking to square the series with Nelson Potter, veteran right-hander, as his pitching opponent.

Sewell, whose Browns won the opener 2-1, dropped right-fielder Gene Moore into seventh place in the batting order and moved George McQuinn, first baseman up to fifth, and third baseman Mark Christman to sixth.

In the Cardinal lineup, Augie Bergame replaced Danny Litwhiler in left field and led off in the batting order. Johnny Hopp batted second and Ray Sanders fifth.

Wall St. News

New York, Oct. 5—(AP)—Specialty stocks kept the market recovery hot, simmering today. Activity in low-priced issues putting volume at one of the largest in the past few months. Steels were out at the start in sizable blocks. They soon lost their luster and extreme gains were pared or cancelled in the majority of instances by midday.

Terse News

Licensed Here to Marry—
A marriage license has been issued by County Clerk Sterling Schrock to E. Francis Baker of Mt. Morris and Miss Lila Lee Kirk of Dixon.

September Banner Month—
September was a banner month in the annals of the Dixon police department. Chief J. D. Van Bibber reported today that fines totaling \$172.80 were collected in arrests made by the department during last month which have been turned over to City Clerk Wayne Smith.

Denim Shortage Seen—
Washington, Oct. 5—Only about half as much denim will be available for overalls and other civilian work clothing in the next three months as has been obtainable during the summer, WPA said today. Heavy military demand was given as the reason.

Stove for Paratrooper—
Washington, Oct. 5—(AP)—The Army is adding still another item to the 100 pounds of equipment each paratrooper carries when he drops into enemy territory—a folding cook stove that weighs just 17 ounces. He can use it to brew coffee or heat food.

Fined \$100 and Costs—
Frank Ryan, who has been in police toils twice within the past week, was fined \$100 and costs by Justice J. O. Shaulis in police court today on a charge of being drunk and disorderly. In default of the fine he was sent to the county jail. Ryan was arrested by police last evening while fighting on First street in front of a tavern.

Breakfast Starts Drive—
The breakfast which has been arranged by Chairman Edward A. Jones to be held at the Hotel Natchua next Tuesday morning at 7:30 with his committee of workers, will start the 1944 campaign for fund for the Boy Scout program in Dixon. Immediately following the breakfast the committees will begin their canvass of the industrial plants and business houses.

Demobilization Rumor Is Denied by Stimson

Washington, Oct. 5—(AP)—Secretary of War Stimson today termed "absolutely untrue" reports that the war department would delay partial demobilization in order to ease the job situation.

The statement to a news conference was in reply to a reporter's question that "there has been some comment to the effect that the war department will delay its partial demobilization in order to ease the job situation. Is that correct?"

Stimson replied with an emphatic "No" and then added: "There are only two things that will affect the speed of demobilization of the Army. One is the military necessity of retaining sufficient troops in service to quickly and permanently defeat Japan."

"The other is available shipping. Except for these two limitations, the Army is arranging to return those eligible for demobilization as quickly as possible."

"No economic or political factors enter into that planning."

"Dangerous" Public Trend—

Washington, Oct. 5—(AP)—A "dangerous" public trend toward letting down precautions for guarding military information was reported today by Secretary of War Stimson. This, he told a news conference, will prove harmful to security in the forthcoming huge transfer of troops from Europe to Asia unless it is curbed.

The trial of the Eldena Cooperative Co. against Del C. Hayes, Chicago commission dealer, entered the second day in Lee County Circuit court today. The jury was selected yesterday afternoon and the remainder of the trial was excused by Judge George C. Dixon until Nov. 21. The taking of testimony was started today and the following composed the jury: John Watkins, Arthur Schimmer, LeRoy Richmond, Wilbur Dysart, Lila Hart, Bess Merriman, Viola F. Crawford, Helen Krug, Winnifred Breunier, Mrs. Alice Schafer, Bessie McCracken and Belle Hanson.

War Veteran Entitled to Job Says Carmell

Peoria, Ill., Oct. 5—(AP)—A returning war veteran "is entitled to reemployment even if his reinstatement necessitates the discharge of a non-veteran with greater seniority," contends Daniel D. Carmell, general counsel for the Illinois State Federation of Labor.

Addressing the state AFL convention here yesterday, Carmell said, "We must protect our economic policy which encourages free private enterprise and expansion in the production of consumer goods. We must be ever vigilant in our purpose to assure every American worker a greater share of our economic wealth."

The federation members adopted a section of the executive board's report setting forth opposition to compulsory military conscription in peacetime, but went on record favoring voluntary conscription.

"If world conditions are such that we must need to continue to be prepared for war even while at peace that can be done through a great volunteer system," the report stated in part.

8,000 Detroit Workers Return to Factories

Detroit, Oct. 5—(AP)—Approximately 8,000 maintenance workers whose strike action yesterday tied up or impaired war production in 33 Detroit area plants voted today to return to work on afternoon shifts, according to United Automobile Workers (CIO) spokesmen.

The action was announced following a meeting of officials of the executive board of the UAW-CIO and representatives of local unions making up the Maintenance, Construction and Powerhouse Council (UAW-CIO).

The strike, which had begun to spread again this morning, had made more than 50,000 workers idle through plant closings and assembly line interruptions.

ON ITALIAN FRONTS

Rome, Oct. 5—(AP)—U. S. Fifth Army troops drove a mile forward against violent fire from reinforced and hastily entrenched Germans yesterday on the bitterly contested road to Bologna to within 14 miles of that great communications center.

The Doughboys seized a ridge north of La Selva, five miles east of Bologna, 65 at La Selva.

The Americans gained new positions just short of Monte Morosino on the Imola road, three miles north of Castel del Rio. On their left flank, where the Germans poured in all types of artillery, the troops took the town of Cuvioia and Quinzano east of Loino, after forcing their way against stiff resistance several hundred yards north of Lagune, which overlooks a secondary road to Bologna.

Yesterday's advances put the Doughboys within 14 miles of the

Dr. Blewfield Is Speaker at WCTU

The W. C. T. U. meeting was held at the Loveland Community House Tuesday afternoon. The president, Mrs. Lillian Derr, presided over the business session. Mrs. Max Aughenbaugh led in the devotions and pleased with a vocal number.

Mrs. Hattie Dawson, the program chairman, presented Dr. Floyd Blewfield, pastor of the First Methodist church, who was the speaker of the afternoon. He said in part:

"The struggle against the liquor business has struck a new law. Never before has there been given so much support by the government. Never before has there been so much costly advertising through magazines and radio programs. The greatest problem faced today is drinking among women. Well may we ask, which way is America headed? We have laws for the law-breakers but these laws must be backed by public sentiment. Many methods have been tried to combat the drink evil but of all methods total abstinence on the part of the individual is the only sure way."

Mrs. H. W. Leydig was next presented and she favored with a reading entitled, "False Prophets". Miss Callie Morgan paid a fitting tribute to the late Rev. Lloyd W. Walter who for years was an honorary member of this organization.

fight atop Fort, Driant, a key stronghold southwest of Metz. Germans had holed up in the concrete fastnesses of an underground labyrinth.

An AP correspondent on the Ubach front reported.

"Tanks, guns, infantry and supplies are pouring through the gap in the Siegfried Line to put mounting pressure on the enemy."

Three thunderous serenades from every American gun in the area—from 75's to 210 mm. siege pieces—tore German defenses to pieces in preparation for a new attack just south of Ubach, the dispatch said, and so many dead Germans were found that the bodies formed an obstacle to the infantry when it went forward.

Pillboxes Knocked Out

The center of enemy resistance was a hill just east of Herbach and south of captured Ubach. The Americans stormed the height, knocking out three mutually supporting pillboxes and forcing a fourth to raise the white flag.

The Germans, whose broadcasts admitted that the wedge had been widened, turned a record number of guns onto the corridor and rushed up men from pillboxes to the north and south in an effort to shore sagging defenses.

Lt. Gen. Sir Miles C. Dempsey's main attack eastward was launched on a six-mile front from south of Arnhem and only about two miles from the famous bridge for which the British First Airborne division had battled in vain. It was aimed in the direction of Pannerdensch, eight miles southeast of Arnhem and the same distance northeast or Nijmegen. Pannerdensch is only about two miles from the German border north of Kleve and is at the fork of the Waal and Neder Ryn rivers. The stiff opposition limited the advance to about a mile.

Under Artillery Fire

The counterattack, first of the Nazi defensive blows to be led with armor, blunted itself against the American lines near Herbach, a mile and a half south of Ubach, which is at the center of the two-mile-deep wedge into Germany.

At the peak of their wedge the Americans were edging forward under artillery, mortar and machinegun fire beyond the eastern outskirts of Ubach.

To the west, Canadian troops hurled the Germans back from Forts Cappellen and Starbroek, five to seven miles north of Antwerp, in a thrust within seven miles of the narrow land neck over which the only road runs from the mainland to the Dutch islands of Beveland and RAF-flooded Walcheren.

From 10,000 to 15,000 German troops were in imminent danger of being cut off there as they clung to the artillery positions which have guarded the Scheldt estuary and blocked allied shipping from use of the port of Antwerp.

Strange Battle Underground

To the south one of the strangest battles of the war developed amid gunfire and the smoke of fire grenades and burning crude oil at Fort Driant, key bastion to Metz. Doughboys of the American Third Army held the surface and the Nazi garrison fought with desperation in the maze of underground defenses.

P. correspondent Edward D. Ball reported in a dispatch from the Metz front that the Americans had made their first penetration last night into the subterranean tunnels of Fort Driant.

Capture of the fort was announced prematurely at supreme headquarters yesterday on the basis of information from front-line headquarters before the full tenacity of the German stand was known.

Now it was a touch and go fight with the Americans holding on grimly under crossfire from flanking forts and snipers from German trapdoor gun positions.

True at Dunkerque

The American Third Army repulsed a German counterattack near Sirey, nine miles north of Nancy.

The Seventh Army kept up its measured gains farther south in the face of slowly hardening resistance. Northwest of Epinal the Seventh found going hard through newly-reinforced German defensive positions, but in the Vosges foothills forests of Gehard and Longeville, between there and Belfort, the Americans advanced several miles.

hung, almost unrelent, over Dunkerque. The Germans had cleared a lane through their defensive mine field and the first of 20,000 civilians began filing out, laden with possessions they could carry, into the Canadian lines. The evacuation will end tonight. Then, by agreement, the Canadians will guide the Germans twelve hours to relay their mines before the all-out assault begins at dawn tomorrow.

Near Riot

Milwaukee, Oct. 5—(AP)—A request for \$4 donations to a campaign fund for President Roosevelt's re-election last night turned a union local meeting into what its president, Martin Arndt, termed "almost a riot," ending in the departure of the union's business agent who made the request.

Harvey E. Anderson, business agent for about 5,000 members of the AFL Carpenters' Union in four counties said that when he asked for contributions at a meeting of local 261, several members "jumped up and blew off a little steam."

Arndt said that Anderson was posted from the building but that no blows were struck.

"We don't want politics in our union," he declared.

Anderson said no one tried to push him or eject him, although "there was some after me, but that didn't mean anything."

Fala Appears to Please Educators

Washington, Oct. 5—(AP)—Fala today made his first public appearance since the president's Sept. 23 speech in which Roosevelt said he didn't mind being picked on himself but he did mind people picking on his dog.

It happened at the first White House conference on rural education.

Austin R. Meadows of Montgomery, Ala., and the Alabama state department of education started a report to the conference by saying his mission in Washington was to say hello to Fala from the folks who sent him here from Alabama. He added he was making public apology to his folks back home for not having seen Fala in the two days he had been here.

At that point, Mrs. Roosevelt who has attended all sessions of the conference, disappeared from the room. She returned shortly and in a few minutes Fala walked into the room to receive applause comparable to that accorded the president yesterday.

The educators promptly crowded around the White House pet and Mrs. Roosevelt said: "I'm not sure I can make him jump. I'll try." She did and Fala jumped, and sat up in response to her commands. He left the room in another burst of applause.

NCPAC Major Red Organization in U. S.

Washington, Oct. 5—(AP)—J. B. Matthews, research director for the House Dies Committee, testified today that 119 of 112 members of the National Citizens Political Action Committee have a record of 812 affiliations with "communist front organizations."

Matthews filed with a subcommittee investigating NCPAC activities a "box score" listing the individuals and the organizations with which he said they have been affiliated.

If confirmed, he told the committee, his conclusion that NCPAC is "the major communist front organization at this time" and gives "some idea of the type of individuals gathered around Sidney Hillman in his National Citizens Political Action Committee."

"It is fair," he added, "to characterize the NCPAC as a communist front organization having the ambitious objective of worming the way of Communists into the Democratic party."

The NCPAC is supporting President Roosevelt for re-election.

of Oct. 18th, the Firepower-Manpower caravan will exhibit some of the Army's newest equipment and demonstrate fighting power. It will be climaxed by an afternoon and evening indoor show featuring an army band and realistic demonstrations of fighting technique. Newly released official movies of the armed forces in action against the enemy also will be shown at the Dixon and Lee theatres during the two days.

Committee Named

Walter C. Knack was chosen by the conference to serve as general chairman of the program. Committees were selected to arrange details for the two-day participation. These include:

Bulleting committee—Major J. M. Brady, chairman.

Exhibit committee—William V. Slothower and George Lindquist.

Show committee—A. H. Lancaster, Capt. John Cahill and Arthur C. Handell.

Safety committee—Mrs. Elmer Reynolds, Albert Fordyce and J. D. Van Bibber.

Movies committee—L. G. Rorer, A. H. Lancaster.

Publicity committee—Ben T. Shaw, Edward A. Jones, Rev. Floyd Blewfield, Rev. C. L. Wagner, Rev. Joseph Mason.

Mess committee—N. H. Kaiserman.

Recruitment committee—Victor N. Eichler.

The company of soldiers will be housed at the Dixon Army during the two days and will participate in the two-day program.

Special Stage Shows

The special stage shows will be held at the Loveland Community House and the auditorium of the Dixon high school. The exhibits will be stationed on the free parking spaces between Galena and Peoria avenues on River street.

The officers present at yesterday's meeting explained that the visit of the caravan to Dixon was an emergency military mission to recruit manpower for the critical urgent plants, especially government-owned plants, making power and loading ships for heavy artillery and rockets. In 20 labor market communities near these ordnance plants, the Sixth Service Command, in cooperation with the War Manpower Commission, is recruiting the caravan and program designed to spotlight the emergency need for manpower to build firepower.

In eight of these plants, where manpower requirements are a heavy and the manpower pools low, recruiting these men and women is going to be particularly difficult job. One of these eight plants is the Green River ordnance plant where 1,100 women and 400 men are needed as quickly as they can be secured.

Special lecturers are to be made available during the two day visit of the caravan in Dixon consisting of Capt. Kenneth G. Vail, instructor in judo in the provost marshal's school at Fort Carson, Mich.; Capt. Richard L. Belmont, demolition and explosives instructor from Fort Custer, Mich.; Sgt. Harry Brunson who has specialized in training dogs for state police for 14 years, and Capt. Corville Bosse, U. S. army chaplain's corps.

entered Patrai on Tuesday night. Associated Press war correspondent Joseph Morton reported from Bari that British parachute troops quickly seized the Patrai airfield and that additional troops were flown in by C-47 transport planes.

Spitfire units, presumably operating from the captured field, already were hard at work against the enemy when British infantry subsequently landed on the beaches, Morton said.

"The first arrival on the main land of Greece of our force, which included British land forces and units of a Royal Air Force regiment, met with a wildly enthusiastic welcome from the inhabitants," an official report declared.

Patrai lies approximately 112 miles due west of Athens near the entrance to the Gulf of Corinth. It is on the north shore of the Peloponnese.

The invasion returned British troops to the Greek mainland for the first time since 1911, when an ill-fated expeditionary force was forced to flee before the then all-powerful German army.

An official source said the allied troops in Albania were harassing enemy forces trying to maintain communications with the island of Corfu through the small port of Sarande.

"Our federation is socialist, even tending toward Communism. We want nothing of the old government. It brought about the ruin of France."

Whatever may be the eventual landing place of the political arrow which the French leader has shot into the air, we shall do well to stick to the obvious rather than to speculate. The facts appear to be that France is swinging to the "left," and that Communism is exercising considerable influence on the trend.

As for General DeGaulle, it should be noted that he never has announced communistic leanings, and if France is moving toward that ism he may be subject to the trend rather than its author. Indeed, he may have entirely different ideas for the ultimate form of government.

Be that as may, if we are to keep abreast of the fast moving events in Europe we must recognize that what's going on in France is symptomatic of what's boiling up in many other parts of the continent. There's a definite swing to the left, and in all instances Communism is involved.

We see this in eastern Europe, in the Balkans, in Italy, and in Spain which is being urged by the Moscow radio to overthrow Generalissimo Franco and re-establish the pre-civil war republic, which was heavily Communist. Even in Germany there's an underground Communist organization which has survived all the Gestapo efforts to exterminate it. And as this article is being written there comes to my desk a Stockholm dispatch saying the Berlin is expressed there that Finland eventually must form a government with more strongly leftist tendencies if she hopes to live in harmony with Russia.

This is a developing situation. It will thrust itself into world affairs as we come to the end of the European war.

Service Mothers to Canvass Dixon in War Fund Drive

Dixon's part in the forthcoming Lee County War Fund drive for \$29,500 in support of the U. S. O. and various war relief agencies and to provide Christmas gifts for the county's boys and girls in service, began to take shape today with the naming of organizations

to solicit contributions to the fund. The Service Mothers organization will undertake a house-to-house canvass throughout the city in the two weeks period of the campaign from Oct. 14 to 30. The more than 200 members of this organization are headed by Mrs. E. J. Brown.

A committee under the direction of George Lindquist has been named to solicit special contributions from commercial, industrial and professional establishments

and met at the Hotel Nachusa today to perfect plans for obtaining half of Dixon's quota of \$15,000. Members of the committee are: Elwin S. Wadsworth, Harry Bates, Joe Miller, Dement Schuler, Walter Knack, James Gledon, L. G. Cannon, Louis Berrittini, H. B. Henwood, Robert L. Warner, Morey C. Pires and Clinton Utter. Solicitation of the special contributions will be made in advance of the house-to-house canvass. Approximately 200 business concerns and professional offices will be visited by the committee. Each special contributor will be given recognition for his gift. The feature of the Lee County War Fund will be a cash Christmas present to each boy and girl in the service from the county, and every contributor to the fund will be given the privilege of signing a greeting card which will accompany each gift.

Link Communists to 4th Term Bid

Chicago, Oct. 5—(AP)—"The Communist cause and the fourth term cause are one and the same thing," says Rep. Everett M. Dirksen (R-Ill.).

In a radio address (Mutual) last night, Dirksen said the air of communism was "to destroy democracy." "The Communist aim is to bring back the first and second term depression which was not solved but only suspended by war. They know the fourth term will bring back millions of unemployed. 'They know the boys may be kept in service if there are no jobs for them. They know the hates and quarrels that will ensue. That's their dish. . . . For out of these cleavages comes division and out of division there comes the wrecking of the republic'."

Gov. Dwight Green, Republican candidate for re-election, told a non-political audience of South Side Kiwanis clubs that "not one single man or woman who has worn the uniform of the United States shall be denied full pay-

ment of the debt of honor we owe."

"The Illinois veteran who has helped him from other sources, but who is in distress while awaiting that help, can seek help from his own state, and he will get it."

Addressing a ward meeting, State Auditor Arthur C. Lueder, also a GOP candidate for re-election, said, "The new deal had not solved our domestic problems before our entry into the war, and the false prosperity of wartime will not solve our problems in the future."

Bricker Hints at FDR Power Tactics

Ottumwa, Ia., Oct. 5—(AP)—Gov. John W. Bricker declared today that the political power of the presidency has become so great that the tenure should be limited in order to develop leadership for the republic.

The Republican vice presidential nominee said that President Roosevelt, "by his tactics of subterfuge" had "kept out of the running all other possible candidates in the Democratic party."

"He had such a hold on the Democratic party through patronage that they did not dare get rid of him," Bricker added in a prepared text released by his campaign staff.

The Ohio governor's special train was due in the midst of a one-day tour of Iowa in which nine speeches were scheduled, topped by an engagement in Rock Island, Ill., tonight. Last night Bricker spoke at St. Louis in a bid for the 15 electoral votes of Missouri, home of his Democratic rival, Senator Harry S. Truman. There he appealed for a "sincere, straightforward and truthful" campaign, devoid of "cynicism, innuendo, flippant remarks and synthetic humor."

His program today included, besides Ottumwa and Rock Island, brief talks in Keokuk, Ft. Madison, Burlington, Mt. Pleasant, Fairfield, Washington, Muscatine, and Davenport.

Wickard Stumps for FDR Democratic List

Washington, Oct. 5—(AP)—Secretary of Agriculture Claude S. Wickard leaves today for a speaking tour on behalf of the Democratic ticket which will take him into 10 or 11 states between now and Nov. 4.

Twenty-three speeches have been scheduled by the secretary. He said before leaving that more than half would be of a political nature although he will make a few "not so political" talks before rural electrification and farm organization meetings.

He will travel into Ohio, Indiana, Kentucky, Missouri, Oklahoma, Kansas, Illinois, Iowa, Wisconsin, Minnesota and possibly Pennsylvania.

Nels Potter, Max Lanier
Named as Today's Start-
ing Mound Opponents

Today's lineup:
St. Louis, Oct. 5—(AP)—Prob-
able starting lineups for the sec-
ond game of the World Series at
Sportsman's Park today. (Series
batting averages in parentheses):

Browns:
Gutteridge 2b (.000)
Kreigh of (.000)
Laabs lf (.000)
Stephens ss (.000)
Moore c (.333)
Byrnes rf (.000)
Christman 3b (.009)
McQuinn 1b (.333)
Hayworth c (.000)
Potter (19-7)
Cardinals:
Hopp cf (.200)
Sanders 1b (.333)
Musial rf (.333)
W. Cooper c (.000)
Kurovski 2b (.250)
Lithwhiler or (.000)
Bergamo lf (.000)
Verban 3b (.000)
Lanier p (17-12)
Umpires: McGowan (AL);
Dunn (NL); Phipps (AL); Seitz (NL).

St. Louis, Oct. 5—(AP)—They
are calling the St. Louis Browns
the hitless wonders today because
they copped the opening game of
the first all-St. Louis World Series,
2-1, on two hits and a team
batting average of .063 but Man-
ager Luke Sewell will take three
more of the same with no
squawks.

In an effort to make it two
straight over the Cardinals to-
day, Sewell named right hander
Nelson Potter, his top winner
with a 19-7 win mark, to oppose
Bill Southworth's prize left hand-
er, Max Lanier, who won 17 and
lost 12 in the National.

After the Browns took the
opener, the series odds fell to 9
to 10 and take your choice.
Although Lanier lost his last
seven starts in the dying days of
the regular season, and was sent
home with a sore arm during the
last eastern trip, the chunky Car-
olina southpaw can be the tough-
est in the league when he's right.
Potter was expected to be Sew-
ell's first choice but, he passed
him for Denny Galehouse and saw
his judgment justified yesterday
when the crafty curve-baller
sprinkled seven Redbird hits and
held a shutout up to the ninth
inning.

Had It in Pinches
Although Mort Cooper and Blix
Donnelly, who teamed up to gain
the unenviable distinction of los-
ing the first two-hitter in series

history, outshone Galehouse in
sheer brilliance, it was the for-
mer Youngstown defense worker
who had it in the pinches. Denny
pulled out of tough spots in the
second and third with vital strike-
outs of Mort Cooper and Whitey
Kurovski and bore down to retire
the side after Marty Marion had
scored the only Redbird run.

A crowd of 33,212 that paid
\$149,268 into the kitty, thrilled
to George "Lefty" McQuinn's
fourth inning home run clout atop
the right field pavilion following
Gene Moore's single to right. That
was all the American League hit-
ting and all their scoring but it
was enough to send the custo-
mers home chuckling about how
their "Cinderella kids" had upset
the Cardinal "Supermen".

Cooper's Third Defeat
It was Mort Cooper's third
series defeat to a lone victory. He
struck out a man in each of the
first three frames and didn't al-
low a hit until Moore punched a
single with two out in the fourth.
In all, the Browns went hitless in
eight of the nine innings, six to
Cooper and two to Donnelly.

Galehouse had his troubles, but
when the pressure was on he was
superb. After Marion smacked
the first of two doubles in the
second and Emil Verban singled,
he struck out Mort Cooper. Fol-
lowing safeties by Johnny Hopp
and Ray Sanders and a pass to
Walker Cooper which loaded them
with one out in the third, Denny
whiffed Whitey Kurovski and
made Danny Lithwhiler force
Hopp. Again in the ninth, Mar-
ion doubled to lead off but had
to move around on an infield out
and score on pinch hitter Ken
O'Dea's fly to center.

World Series Notes

BY BEN F. PHILGAR
St. Louis, Oct. 5—(AP)—The
Browns' first victory was the
second time in less than a week
that they won a ball game on two
hits. Last Friday they beat the
Yankees, 1-0, with a single and a
double.

Hal Newhouser, Dizzy Trout,
Dick Wakefield and Bob Swift,
four members of the Detroit Tig-
ers who had counted on playing in
the series instead of watching it,
were in the stands yesterday.

If Luke Sewell and Billy South-
worth needed any advice during
this series they won't have to look
far. Frankie Frisch, former
Cardinal pilot; Gabby Street and
Rogers Hornsby, who led both St.
Louis clubs; and Jim Bottomley
who once headed the Browns, are
attending the games.

Marty Marion, who sported only
a .269 batting average for the sea-
son, was the only Cardinal to get
two hits in the first game, both
two-baggers. Marion was the
leading batter in the 1943 series
with a .357 average.

The records say the Cards will

Forward Pass Ranked as Dangerous Play

Chicago, Oct. 5—(AP)—The
forward pass is the most danger-
ous play in football, while line
plays produce the fewest injuries,
an athletic official said a survey
of Wisconsin high schools dis-
closed.

P. F. Neverman of the Wiscon-
sin Intercollegiate association told
the National Safety Congress to-
day that studies made in Wiscon-
sin high schools also showed that
the tackler was more often in-
jured than the player tackled.

Reducing the size of the col-
lege basketball for high school
players from 32 to 29½ inches
has resulted in an 85 per cent de-
crease in the number of broken
fingers, Neverman said.

Most earthquakes are caused
by slipping of the earth's crust,
although some are of volcanic or-
igin.

BASEBALL HIGHLIGHTS:

Ralph "Doc" Bloyer and Calvin
Howe are the likely mound foes
for Sunday's off-delayed battle
between the Knacks and All-Stars.

Bloyer has dropped two
games to the Rock Falls outfit
but it is the only hurler to dead-
lock the Stars this season. . . .
Harold Prestegard isn't expect-
ed to play. . . . He's now holding
a position at Sandwich. . . . Be-
fore leaving, however, "Prezzy"
established himself as the Dixon
homer king, belting three out of
the park. . . . Outfielder Lyle
"Woody" Woodyatt is back in
town, rarin' to beat the All-Stars.
. . . Don't be surprised if some
new faces appear in Skipper Hi
Emmert's lineup. . . . It's rum-
ored that he has some definite
changes in mind.

SERIES TIP:

Nelson Potter was definite-
ly scheduled to hurl for the

men. . . . Luke's boys per-
formed like real World Series
champions yesterday, stretch-
ing two hits for a pair of runs
and victory. . . . Mike Kree-
vich, outfielder de luxe on the
Brown squad, is the same
"Iron Mike" whom the Sox
considered washed-up several
summers ago. . . . For that
matter, most of the Browns
are big league cast-offs,
picked out of the scrap bar-
rel.

SHORT SHOTS:

LaSalle-Peru's Cavaliers haven't
been able to tally a point against
West Rockford's grid machine for
three years. . . . Rain insurance
helped pay expenses at Davenport
when a game between two tour-
ing bands of major leaguers was
washed out Monday night. . . .
Representatives of 150 northern
zone sportsmen's clubs are expect-
ed at Mendota Sunday for a con-
servatism meeting. . . . Leonard
Swartz, Edwardsville, president
of the Illinois Federation of
Sportsman's clubs, and Walter A.
Gresh, assistant chief of federal
aid in wildlife restoration, are to
speak. . . . Hap Wallace of Sycam-
ore, bowling with the Sycamore
Legion in the City league at the
DeKalb Recreation Tuesday eve-
ning, racked up a nifty 700 series.
. . . Hap opened with a 237, fol-
lowed with a red-hot 264, finish-
ing with 199. . . . Harry Wisner
and Joe Wilson will air the Illinois-
Purdue football game over a na-
tionwide Blue network hookup
Saturday afternoon (WENR, Chi-
cago). . . . WBBM's presentation

will be the Tulane-Notre Dame
scrap at South Bend. . . . John
Harrington will be at the mike
. . . Claude "Buddy" Young,
whose long touchdown dashes have
highlighted the Illini offense in
games of the '44 campaign, leads
Orange and Blue scorers with 24
points. . . . Paul Patterson is next
with three touchdowns.

PREP REVIEW:

Unblemished marks held by
Pana, Lincoln, Rock Island and
four Big Eight leaguers appear
headed for severe tests this week-
end but more than a score of oth-
er undefeated outfits send heavily
favored teams into the downstate
high school football arena. There
are 121 games scheduled.

A crowd of 10,000 is expected
to watch Rock Island and Daven-
port, Ia., match unbroken three-
game strings in a cross-river feud
won by the Iowans last year.

Topping the Big Eight's slate

is West Rockford at LaSalle-Peru.
Each has won two and the West
Rabbs were tied 0-0 at Madison,
Wis. Sharing interest in this sec-
tion will be Sterling Township
(3-0) at Princeton (0-3), two un-
defeated teams, Rochelle (1-0) at
Polo (2-0), Belvidere (1-2) at Mc-
Henry (3-0), Lake Forest (2-1) at
Crystal Lake (2-0) and St. Bede of
Peru (3-0) at Champaign (1-2).

Dukes Meet DeKalb Tomorrow Night in Last Home Contest

PARTICULARS
Time — 7:30 Friday evening.
(No preliminary game.)
Place—Dixon high school athletic field.
Coaches—C. B. Lindell (Dixon), Robert Rehm (DeKalb).
Officials—Claus, Mickles, Cregan.

Injuries, those troublesome occurrences which have side-tracked many a promising football outfit, grab most of the spotlight as Dixon's Dukes prepare to tangle with DeKalb's Barbs tomorrow evening in their second conference tilt at the local gridiron.

Four key Dixonites will be entirely inactive due to the jinx and two, Tackle Harry Godt and Guard Ken Carroll, may not be able to travel the full distance. Among the "hospital corps" will be Fullback Fred Meinke, sparkplug of the running and passing attack, who is nursing a badly bruised knee. Dan Braman, Paul Nussbaum and Dick Brown also will be missed.

"Injuries and lack of capable substitutions are our main worries," commented Coach C. B. Lindell. "The injury list has been bad enough," he added, "but what really hurts is the loss of several promising boys we had counted upon for regular service, via the Navy."

Dukes Work Hard
Nevertheless, the Lindellmen, suffering from two previous defeats, have been working hard toward a solution of their vexing problems. During the week several changes have been made, some out of sheer necessity, in the hope of finally fielding a winning combination.

Tomorrow night's lineup features an almost new backfield setup, due to the loss of Braman and Meinke. Tentatively, Russell Byers will open at quarterback. Jack Schultz will be back on left halfback duty, George Acker, ex-right end, has been shifted to the wingback role and Johnny Wolbart assumes Meinke's fullback position. Chuck Webster is also being drilled for right half action.

Two changes have been revealed for the forward wall, which has permitted 69 points in two encounters, Bob Dennison opening at Carroll's guard spot and Jack Vaile, former halfback, moving to Acker's right end post. Another change, which may or may not appear, would have Jack Wolaver stepping into Thoms' left end shoes. Christ Christ is set for early relief chores, and Vaile and Acker are expected to shuttle between the line and backfield.

Better Than Figures Show
The Orange and Black shirted DeKalb boys are much better than figures point out. According to statistics, the Barbs are only a .500 team, holding a 27-13 triumph over Hall Township while losing their inaugural to West Aurora, 14-6.

Recount their amazing win over the Spring Valley footballers however, and a much different image forms. For against the highly touted NCIC team, DeKalb racked up 27 points, revealing a potentially great running attack and crushing defense. And, two elusive, slippery halfbacks, Kensinger and Ainsworth, were unloosed for the first time.

Ainsworth was particularly brilliant, once darting 65 yards off left tackle for a six-pointer, and generally showing speed to burn. From all reports, Kensinger is no slouch either when it comes to scampering through the line, accounting for one touchdown against Hall as well as several large gains.

In all, 281 yards were accounted for on the ground as the Barb backs enjoyed a field day. DeKalb's line held Hall to 151 yards on the ground, giving up 15 yards on passes. Another promising aspect was the fine play of the Orange and Black's subs, who pushed Spring Valley to the seven-yard line as the game ended.

No lightweight game will be played tomorrow evening, the traditional tussle winding up the home schedule.

Bowling Bits By "FRIDAY"

The three top teams in the Recreation Classic league each won two games last night, with Harmon maintaining the top spot with nine wins against three losses. Harmon took their two tilts from Dixon Cut Sole with Hopkins topping Harmon with 569 and Stump rolling 492 to lead the Shoemakers.

Sunnybrook remained tied with Myers Royal Blue for the second spot with 8-1 by winning two from Potts Market. Walt Klein led Sunnybrook with 553 and Dean Hey sparked the Butchers with 501.

For their share of second Myers Royal Blue won two from H. A. Roe Co. John Lange was high for the Crocers with 580 and Eob Harridge led the Harcos with 563. Boynton-Richard held fourth place with 7-5, after winning two from James Billiards. Schroeder led the Clothiers with 525 and Tilton topped the James Boys with 517.

Reynolds Wire won two tilts from Chaffeurs Local with Al Vorhis high for the Stables with 511 and Ralph Van Doren leading the Drivers with 523.

Hill Bros. won all three set from Shell Service with Lyle Melvin rolling 534 to lead the Crocers and Horace Hartman and Frank Keane both showing 411 as high for the Oilmen.

United Cigar was the only other three-time winner gaining theirs at the expense of the Hunter Co. Hermie Koehler turned in 559 for the Loftus Lads and Mett Ransom led the Lumbermen with 516.

High games last night were Van Doren 201, E. Detweiler 207, Walt Klein 227, Al Wolfe 202, Hermie Koehler 257, F. Smith 206-200, John Lange 200, George Veigle 220, R. Hull 203, Melvin 203, Hopkins 206.

In the Freeman Girls league at Lincoln Lanes last night, the Aircraft Hurlers made a three way tie for first between themselves, Pill Rollers and Flame Throwers when they knocked the latter off three straight, giving the three leaders 9-3, three games in front of the field. Millie Wyckoff was high for the Aircraft Hurlers and A. Smith led the Flame Throwers with 430.

The Pill Rollers managed to stay in the first-place tie when they salvaged the last game from the Tail Gunners, with M. Loun topping the latter with 380 and

Geneva Beane leading Pill Rollers with 102.

Sharp Shooters dropped to a three-way tie for fourth when they lost all three sets to Paratroopers. Hoff led the latter with 115 and Snell was high for the Sharp Shooters with 331.

Quartermasters gained a share of the fourth-place tie by winning two from Bombardiers. E. Stroup led Quartermasters with 101 and R. Kested topped Bombardiers with 341.

Flying Tigers gained their tie for fourth the hard way by taking all three from Infantry. Vernon Kelchner topped the Tigers with 109 and Eileen Means' 425 was high for Infantry.

Dean Hey has the high series of the year in the Classic league, but still he's not satisfied with just being mentioned once in the records so last night he came through with the low series, to take that spot in the Doehouse. Lyle Melvin beat him out two pins however for the low game.

Tonight at the Recreation alleys the Commercial league takes the dives at 7 o'clock with the ten high average bowlers lining up as follows:

John Smith 178
Cy Winebiener 165
Rolie Ommen 165
Frank Daschbach 161
Sperry Campbell 161
Mike Dussing 161
Oscar Witzleb 158
Everett Brown 157
Clarence Paulsen 156
Fassler 151

At Lincoln Lanes the newly-formed Men's Major league will start the ball rolling at 7 o'clock for their first night of competition of the season. Eight teams will take the dives with two alleys free for open bowling.

Ken Detweiler is starting his Ladies' Afternoon league which this year will bowl at 1 o'clock on Tuesday afternoons. This is an excellent chance for beginners to get into the swing of league bowling and gain a few pointers to aid them in their keeling.

After the Commercial league at the Recreation alleys tonight the mixed doubles will take over with bowling starting around 9:15. There still may be a spot or two left open in the shift and you may pick your own partner with full handicaps.

Following the Men's league at

Lincoln Lanes, the alleys will be free for open bowling.

Something has been bothering us lately and we may as well put it down and get it off our mind. Perhaps being tucked away here no one will notice it, but Lyle Melvin gave up bowling on Friday night and dropped back to Wednesday. Then this week he took another step into the City league on Tuesday night and we wonder if he has plans to take another jump into the Monday night league. Walt Klein also seems to be searching through all the loops for his last year's average, but so far he hasn't found it.

Jackrabbit Backs Meet Speed Equal in Boilermakers

Chicago, Oct. 5.—(AP)—Coach Ray Eliot's Illinois jackrabbit backs, headed by Claude (Buddy) Young and Ed Bray, the pony express, meet another set of speedsters Saturday at Champaign in Purdue's Boris "Babe" Dimanche, Chalmers "Bump" Elliott & Co. in the 28th renewal of a gridiron series begun at Lafayette back in 1890.

On comparative scores Illinois would appear to have an edge. They tied Great Lakes, scoring four touchdowns, while the Boilermakers scored three against the Tars. On total offense against the Tars, Illinois netted 350 yards and Purdue 255, but part of the Illini's yardage figure was due to Buddy Young's 95-yard sprint and a run of 71 yards by Paul Patterson.

GI football at its best will be dished out at Lincoln, Neb., when the officer-reinforced Iowa Sea-hawks attempt to blast the five game winning streak of the Second Air Force Superboomers. The Bombers, led by Lt. Glenn Dobbs, the Tulsa whirlwind, have scored 215 points to their opponents' six.

Elsewhere in Midwest Michigan State named a squad of 20 for its game against Kentucky at Lexington. . . . Injuries suffered in the Purdue game continued to slow up workouts for Marquette's team as Coach Tom Stidham worked overtime to get his squad in shape for a Wisconsin contest. . . . At Madison, Earl Girard, backfield freshman star, sparked a Badger workout with brilliant passing as the team reached top form for the clash with the Hilltoppers. Coach Harry Stuhldreher said last week's starters against Northwestern will open against Marquette. . . . Michigan's Wolverines worked on defense with attention centered on means of stopping Minnesota backs who ran roughshod over Nebraska. . . . Notre Dame's workout consisted of a long defensive drill against Tulane plays and a heavy scrimmage for the linemen. Coach Ed McKeever said he would start the same backfield Saturday which opened at Pittsburgh. . . . Indiana's squad drilled only briefly yesterday in preparation for the Nebraska game Oct. 14. . . . The Great Lakes Bluejackets went through their repertoire of plays in a two-hour drill in preparation for Northwestern, while the Wildcats went through a light offensive drill at Evanston and witnessed movies of the game with Wisconsin. . . . Coach Carroll Wildoes shifted his Ohio State first team backfield in an effort to present a more versatile attack against Iowa. . . . Ship Madigan held the final defensive scrimmage for the Iowa squad against Ohio State formations with the third team running Buckeye plays.

CLEANUP
Denver, Oct. 5.—(AP)—Capt. Grace Polk of Corsicana, Tex., commanding officer of the Buckley Field WAC detachment, was burned up when she learned what had happened.

In cleaning the WAC officers' headquarters this week, a new maid inadvertently burned the captain's marriage license, promotion order, birth certificate, car title and war bond.

NEW GUINEA GOLD
Pvt. Woodrow Boone, former Gadsden, Ala., sports scribe, tells of New Guinea's first football game, Sept. 10, 1944. . . . "Over three thousand khaki-clad fans yelled as Sgt. George A. Maye of Greensboro, N. C. (S. C. State) smashed over guard to lead the Engineers to a 6-0 victory over the Quartermasters. . . . It was fitting that two hard-fighting Negro teams should write the first chapter of New Guinea's football history.

Two World's Records Set at Kentucky Meet
Lexington, Ky., Oct. 5.—New world records for two-year-old trotters were held today by Jimmy Creed, owned by S. C. Thompson, New Ross, Ind., and Titan Hanover, from the Arden Homestead Stable, Goshen, N. Y.

The new records were set at the Lexington trots yesterday, one in competition and the other in a run against time.

Jimmy Creed set a new standard for two-year-olds in winning the first heat of the \$3,000 two gait Farm Stake for two-year-old pacers in 2:00½, and also won the second heat.

Titan Hanover trotted a mile in 2:00 for a new mark for two-year-olds.

Does No. 13 Jinx Big Mort Cooper?

St. Louis, Oct. 5.—(AP)—When Mort Cooper watched his hopes for a first-game victory against the Browns go sailing away yesterday on the wings of George McQuinn's two-run homer, it was just another link in a chain that has shackled the Cardinal right-hander in his campaign against American league hitters.

Cooper picked up right where he left off last year in the Cards' losing series with the New York Yankees. Bill Dickey's two-run homer brought the Bombers a 2-0 series-winning game.

Three times in the big series and twice in the All-Star game the Cards' ace fireballer has bounced too many hits off American league bats. Only once has he gone to the winner's circle—in the second game of the series last year.

After the Browns had made away with another "Cinderella" triumph yesterday, big Mort sat disconsolate in the dressing room, his chin cupped in his hands.

"You can't win unless you get runs," was his only comment. It's true the Cards have scored only one run in their last two world series games—both of which Mort lost but all those other tries against American Leaguers make superstitious ball players shake their heads.

Maybe it is that big No. 13 on Mort's broad back.

In England any person receiving \$16,000 a year pays a tax of \$2,384.00, while any one in the U. S. A. pays \$5,381.00 on the same amount.

Mr. and Mrs. William Bear, former residents of this vicinity, now residing at 111 North Prospect Ave., Rockford, will be honored at a dinner party Tuesday evening, October 10, at 7 o'clock at the Wagon Wheel, North Main, Rockford, in observance of their fiftieth wedding anniversary. They are being entertained by their two daughters and husbands, and two sons and wives, Mr. and Mrs. Tim Whitney of Stillman Valley, Mr. and Mrs. Bert Sauer, Mr. and Mrs. Geord Bear and Mr. and Mrs. Charles Bear of Oregon. Other guests will include Mr. and Mrs. Frank Ware of Dixon Mrs. Seoka Johnson of Franklin Grove, Mr. and Mrs. Charles Pluister of Lindwood, three grandchildren and four great grandchildren. Mr. and Mrs. Bear were married at Light-house and farmed in that neighborhood and in the vicinity of Paynes Point and Stillman Valley until they retired from farm life and moved to Rockford about twenty years ago. Mrs. Bear is the former Jennie Pluister.

On Furlough
Staff Sergeant and Mrs. David Warner of Homestead, Fla., arrived here Wednesday to spend his 21-day furlough with Mr. and Mrs. Harry Huffman and his parents, Mr. and Mrs. William Warner, in DeKalb.

Thomas J. Garnier, second class petty officer, of Oakland, Calif., is spending his 15-day furlough at the home of his sister, Mrs. John Dvorak.

Private Charles Loten Bradford, U. S. combat engineers, arrived home Monday from Camp Van

Doran, Miss., for a fifteen-day furlough.

Yeoman 3/C Helen J. Miller of Sampson, N. Y., was a week-end visitor at the home of her mother, Mrs. Charlotte Calkins.

Word From Sons

Mrs. Charlotte Calkins has recently received letters from her two sons from whom she had not heard for several weeks.

T/S Robert Calkins is in Holland and states that the people there gave them tomatoes and grapes. T/S Raymond Calkins is in Corsica. He spoke of receiving Oregon papers and said he hoped to be home to attend the Ogle county fair next year.

Bernie Bierman Due Back at Minnesota

Minneapolis, Oct. 5.—(AP)—There was joy among University of Minnesota football followers today, but the news that Lt. Col. Bernie Bierman, creator of the Gophers' "Golden decade" is coming back probably caused something akin to apprehension in other Big Ten camps.

In the period between 1932, when Bierman took over as head coach at Minnesota, and 1941, his eleven years had things pretty much their own way. They won five Big Ten titles, shared another and five times were rated tops in the nation.

Minnesota has suffered its full share of defeats since Bierman, a Marine reserve officer, on Jan. 1, 1942, became the first major coach called to active duty.

By his own wish Bierman will serve only in an advisory capacity during the remainder of this season, but such is the faith of fans in this section of his ability even his presence will add strength.

Leading the cheering which greeted the news of his return to the campus about Oct. 15 was Dr. George Hauser, who took over

from his post as line coach when Bierman was called.

"Everyone around here will be tickled to death to see him," said Hauser. "My only interest at the time Bernie left was to keep things in good shape as possible for his return."

Bierman, whose last Marine assignment was as athletic officer at the Pensacola, Fla., base, has been detached for inactive service.

Believe Fort Wayne Youth is Innocent

Elgin, Ill., Oct. 5.—(AP)—Authorities have expressed belief that a 19 year old Elgin youth is innocent of the mysterious rape slaying of a Fort Wayne, Ind., girl last May 22.

Leonard Keeler, criminologist, and Detective Horace Smith of the Fort Wayne police, yesterday questioned the youth, regarding a written statement State's Attorney Charles Sidel said the boy made last week, admitting raping the girl.

Sidel said both Keeler and he believed the youth was "involved in another rape case in Fort Wayne."

The youth was brought to Elgin yesterday from the Kane county jail at Geneva where he was held under \$5,000 bond on a charge of raping a St. Charles woman. He also is under indictment on another rape charge in McHenry county.

"ANOTHER DAY AND NO MAIL"

Endorsing the national Elks War Commission's "Write 'em a letter' campaign, which is being supported by 650,000 members of the B. P. O. Elks throughout the nation, star Andy Devine, in a letter to James R. Nicholson, chairman of the Commission, writes: "When we pray for the boys in the service, only we know that we are thinking of them, but when we write them, they know we are thinking of them."

Together with other stars of screen, stage and radio, who have also visited theatres of war in Europe, Africa and islands in the Pacific Ocean, Andy Devine urges that every one on the homefront write frequently to the members of our armed forces overseas. Mail call is the bright spot in a serviceman's day.

Courtney Lists So-Called Tax Failures

McLeansboro, Ill., Oct. 5.—(AP)—Thomas J. Courtney, Democratic nominee for governor, said today in a prepared political talk that Illinois' so-called treasury surplus "is built upon deprivation." "Failure of Governor Green to reduce the sales tax, coupled with added revenue from new taxes he has saddled upon the people, have brought added millions into the state treasury each year at the expense of the taxpayers," Courtney added.

Blasts P. A. C.

Robert E. Stripling, chief investigator for the Dies Committee investigating the C. I. O. Political Action Committee, is pictured at recent hearing in Washington as he charged that the P. A. C. is "following the Communist Party line" and is "part of the revamped blueprint of the Communist Party to destroy the American system of government by taking over a major political party."

3 Pension Groups Are Provided For Disabled War Vets

Fixed Payment, Variable Amounts Paid For Loss of Hands or Feet

Washington, Oct. 5—(AP)—There are three kinds of pensions for war veterans.

Group one: For those disabled in line of duty there is a pension based upon the degree of disability. This could be anything from a stiff wrist or bronchitis to loss of an eye or limb.

The degree of disability ranges from 10 per cent to 100 per cent (total disability).

These pensions are paid at the rate of \$1 per percentage point—starting at 10 per cent—plus 15 per cent.

The degree of disability is determined by a board of specialists within the Veterans' Administration which pays the pensions.

A man discharged as well and able, in the opinion of Army or Navy doctors, may file a claim for disability pension any time after his discharge if he thinks he has a just claim. He should start this procedure with the nearest regional office of the Veterans' Administration.

Group two: Veterans who have

lost some part of the body—like an arm, leg, hand or eye—get a flat, fixed pension payment. And this is in addition to the pension paid for disability on a percentage basis as outlined in group one above.

Some of those fixed, total payments are: For the loss of both hands or both feet or one hand and one foot, \$165 monthly; for the loss of both eyes, or both hands and one foot, or both feet and one hand, \$190; for the loss of both eyes and one hand or one foot, \$215; for the loss of both eyes and both hands or both feet, or one hand and one foot, \$265; for the loss of both hands and both feet, \$265.

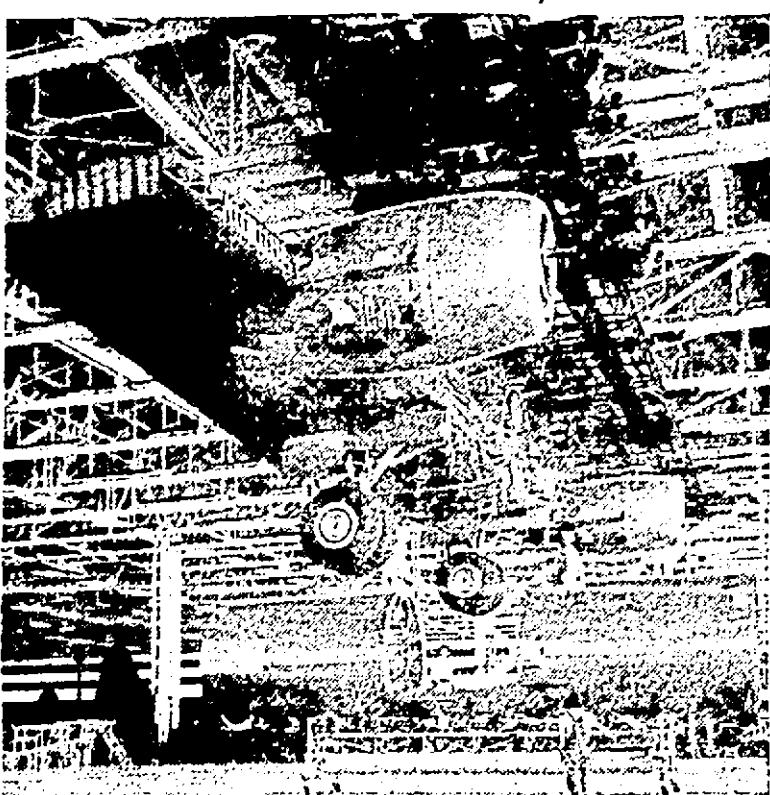

Loss of "use" is considered the same as "loss" in specific payments for disability.

Group three: There is a flat \$50 monthly pension for a veteran disabled after military discharge by a cause not connected with military service. But there are rigid conditions attached to this pension.

To get it the veteran must: Be permanently and totally disabled; have an annual income, if not married, not exceeding \$1,000 or, if married, not exceeding \$2,500; have had at least 90 days' military service or been discharged for disability if he served less than 90 days. And he can't get the pension if the disability resulted from misconduct.

All these pensions are free of state and federal taxes.

More Terror for Tokyo

This will give you an idea of what goes on in the B-29 assembly plant at Wichita, Kan., where this 17-ton main center wing section of the Boeing Superfortress, complete with huge dual wheels of the main landing gear and two of the four 2200-horsepower engines, is being lowered to join the fuselage bomb bay section. Soon the completed bomber will join others to help blast Hirohito's empire.

In the Archives building in Washington, there is room for 2,500,000 cubic feet of national documents and records.

Printers' Strike Silences Gannett- Owned Newspaper

Rochester, N. Y., Oct. 5—(AP)—Editions of the Rochester Democrat and Chronicle, a Gannett newspaper, failed to appear this morning after about 80 composing room employees left the floor last night when a union member was discharged.

Erwin R. Davenport, general manager of the Gannett newspapers in Rochester, said that the union, local 15, International Typographical union (AFL), "differed with the management in interpreting rules."

Bertram W. Kelly, union president, declared the situation constituted a "lockout."

Davenport asserted that the union demanded "immediate reinstatement of a man discharged for refusing to obey a foreman's orders."

"The discharged printer had refused to set an advertisement under instructions from the Typographical Union No. 15 (AFL) of which he is a member," Davenport said in a statement. "The union had differed with the management in interpreting rules regarding a form of 'make work' involving the re-setting of a certain advertisement."

Kelly asserted in a statement that the union "has had a controversy with the management of local Gannett newspapers because the attitude of the publisher has been that they were the only ones who could interpret the contract. Tonight the union insisted its members work under their interpretation of the contract. For this, one man, an officer of the union, was discharged. The management was requested to reinstate this employee or it would be considered that all employees were fired, since they are under the same orders. This the management refused to do, and resulted in all employees, in effect, being discharged and 'constituting a lockout.'"

Tribune May Set-Up Other Newspapers

Chicago, Oct. 5—(AP)—The Chicago Tribune is considering publishing one or two other newspapers after the war. Col. Robert R. McCormick, editor and publisher, disclosed today in a message outlining the newspaper's plans to re-employ war veterans and retain war replacements.

In a message to Tribune employees, Colonel McCormick said: "The men and women who have gone to war will be re-employed

and the men and women who have worked to make the Tribune a bigger and better wartime newspaper will keep their jobs. After the war we will make an even bigger and better Tribune and we may publish one or two other newspapers. When the war is over the Tribune will take care of those who have taken care of America as well as those who have taken care of the Tribune."
